

FC SERIES

## A GOLD STANDARD

Extended warranty plan with a free factory diagnostic allowing you full coverage for your unit.

## FIVE STAR CUSTOMER CARE

The new standard for fast, friendly, professional and affordable service.

### **Fast**

Repairs are completed in less than 5 working days for up to 5 units, or it's free. This is the fastest service in the industry. *\*5 working days begins upon receipt of the unit.*

### **Personalized**

Your calls are answered by a live customer service representative who is ready to assist you.

### **Professional**

Full-time factory service center where experienced professionals provide technical advice, operational assistance and helpful instruction.

### **Comprehensive**

Lifeloc offers a full line of service products for your individual business needs, including extended service plans and instrument re-certifications.

### **Affordable**

To help with your budget, we offer free estimates, reasonable pricing on repairs and no hidden fees.
