

Announcing Lifeloc Technologies' Factory Provisional Instructor Training and Certification

- Become certified to instruct:
 - Breath Alcohol Technicians (BAT)
 - Certified Lifeloc Operator and Calibration Technicians (C-LOCT)
- Learn professional classroom techniques and authoritative answers to all commonly asked alcohol testing questions
- Tour Lifeloc factory

In addition to our ongoing, nationwide, on-site training and certification program, Lifeloc Technologies is pleased to announce that we are offering scheduled **Factory Provisional Instructor Courses**. These courses will be held at our corporate facility in Wheat Ridge, Colorado, which is just minutes from the mountains.

Attendees will receive factory certification as Lifeloc Provisional Instructors and BAT Instructors. In addition, you will receive our comprehensive BAT training course to use when instructing your students. The course fee is \$995.00/person, which must be prepaid with either a credit card or check.

Qualifications to apply:

- Current BAT (certificate required)

For more information, simply complete the following form and fax it to 303-431-1423. Or if you prefer, contact us via email training@lifeloc.com or call 1-800-722-4872.
