

THE FIRST CHOICE IN ALCOHOL TRAINING

FOR PROBATION, PAROLE, PRE-TRIAL & DRUG COURTS

Lifeloc Technologies, a global leader in breath alcohol testing equipment & training solutions, now offers our popular Alcohol Basics & BAC Testing Course in two convenient formats: via live web conference or in-person at your location.

Building off our 25 years experience supplying products directly to the corrections market, this course prepares you for the successful implementation & administration of BAC testing. This program is also designed for those seeking to become Factory Certified Instructors* or those who will benefit from a deeper understanding of correct breath alcohol testing procedures, results interpretation and testing issues.

TOPICS COVERED

- Alcohol Testing Overview
- Common Terms
- Proper Testing Procedures
- Passive & Direct Testing
- Results Interpretation
- Avoiding Testing Obstacles
